About

Qualifications

Responsibilities

About the job:

We are looking for a React Native developer on a long-term basis. We have a long pipeline of projects and need someone who can confidently develop and roll out the apps.

You will be provided with design files through Figma and will have to build the screens, integrate with the backend APIs, handle state management, and do Redux work if needed,

Please share the apps that you have built and rolled out and Android or iOS.

Apply Now!
